

Happy December, everyone! We had a great time exploring China during the month of November. A big "thanks" to Victoria's Aunt Brianna for coming in and giving us a very informative presentation on the country of China. She provided fortune cookies for snack, and even sent home Chinese candy for the students to try. We will be taking a break from our Country Study for this short month, and I will read books and discuss "Christmas Around The World"-----looking at different customs the world practices to celebrate Christmas.

We have been working on our new workbooks each Tuesday and Thursday. This has been a great tool in giving your child individual attention, and exposure to a wide variety of skills. Our letter and numbers of the month are: C and L, and the number 3. Our value of the month will be joy and the bible verse will be Psalm 95:1, "Come, let us sing for joy to the Lord...".

I have a lot of fun Christmas activities planned for December. We will be making individual Gingerbread houses (yummy!), assembling snowman, chasing the Gingerbread man, and making Number Trees. In addition, we will center our discussion on Jesus, and the real meaning of Christmas. Lastly, we will be practicing for our Christmas program (Friday December 18 at 11am). The Early 5's Class will have a small part in the program. I hope you will all be able to attend.

Our last "Early 5's Class" will be December 17th, and we will resume Tuesday January 5.

Thanks for your support. Have a great Christmas and Happy New Year,

Mrs. Nelson
