

Early 5's January Newsletter

Happy January! I hope you and your loved ones had a great Christmas together, and got some time off. I look forward to spending some time with your child during this chilly month. I have chosen "Africa" as our country of the month. Maybe we'll warm up a little as we learn about this country ;)!

We will be making lots of African animal crafts, going on a Lion hunt, and playing some African drums. In keeping with Ohio's cold winter, we'll also make some snowflakes, and cook up some "Snowman Soup" to keep us warm. If you have ever traveled to Africa, or are from Africa, and would like to come share with us your pictures and/or experiences, that would be great!

In addition to this, I will continue to work one-on-one with your child during our daily workbook time. Each child is moving at their own pace. If you would like to see what they've been working on, you are more than welcome to come browse through their workbook.

Please continue to work on letter recognition with your child. For example, you can point out letters in a menu when you're going out to eat, and see how many your child can guess. If you can make it fun, it will be a lot less painful for your child! If he/she already knows their letters, you can work on letter sounds.

Thanks again for all your support. Happy New Year!,

Mrs. Nelson
